

LED FLOOD LIGHT

Power: 200W

Feature

- Ultra-slim sleek design,stylish and classic.
- Total 8 model of heat sink,full range from 30w to 200w,choose as you like.
- Reflector and heat sink integrated,pure aluminum structure for heat dissipation.
- Professional optical design,luminous efficiency is increased by 50%.
- Innovative G-buckle technology,prevent glass off,easy for assembling.
- 3/5 years warrany, life-time maintainence at cost price.
- Degree of protection:IP66.

Product details

A Design Innovative,High Efficient Production

Triangle buckle 304 stainless steel screws fixed lock more firmly, but also convenient for later maintenance.

B Imported LED chip

Quality goods imported chip lamp bead, light efficiency is high, Low light failure, high energy saving efficiency.

3030 LED chip light efficiency can reach 130 lm/W.

C Certification of the power supply

Brand Meanwell , CCC, CE, RoHS, such as safety requirements; Uniform thermal conductivity, good heat dissipation, waterproof, anti-corrosion.

D Apperance Design

Thin streamlined design,fashion classic.

Explosive view

Scene display

Widely used in shopping mall,exhibition hall,parking lot,playground,gymnasium,billboards,park,sculpture,national green lighting project,building facade and public corridor,stair corridor and other indoor and outdoor lighting.

Billboard application

The playground application

The gym application

Building facade application

Specifications

Input watt	200W	
Luminous Efficacy	130LM/W	
Input voltage	AC85-265V	
Frequency (Hz)	50-60HZ	
Power factor	>0.98	
CCT	2700-6500K	
LED chip&Qty	Philips SMD3030 (240PCS)	
Beam Angle	30°/60°/90°/120°/70°140°	
Driver	DONE	Meanwell
CRI	>70	
Product size	455*400*60mm	
N.W.	5.7kg	
Environment temperature	-20°C-+45°C	
Certificates	CE、 ROHS、	
Lifespan	50000H	
Warranty	3/5 years	

Product size

Package size

Power	Size	Net Weight	Carton size	Quantity
200W	455*400*60mm	5.7kg	560*475*150mm	1Pcs/7.2kg

The following is a neutral cowhide carton packing, such as the need to print LOGO, can be customized.

Installation

1. Safety is first.
2. This series of flood lights can be installed with many ways, such as sitting installed, Wall-mounted installation and so on.
3. The installation shall be completed by experienced electrician.
4. Any further questions, feel free to get us for more solutions.

sitting installed

Wall-mounted installed

Cautions

- Lightning Protection: Meanwell driver can resist 4KV surge, if the using environment out of this range, please add higher grade surge terminal.
- Degree of Protection: IP65, can be applied outdoor, but immersed in water. The tempered glass shall not be knocked by any pointed thing.
- Don't take apart the product or replace mechanical and electronic components.
- Don't stare at the strong light for a long time as it may cause injury to eyes.
- No specific requirements, the wires shall be 3*0.75 without plug, if yes, keep it informed by the sales.
- This series of lights are not compatible with ballast, when replacing the tradtional lamps,please remove the ballast or contact us for more solutions.
